## Red Cross First Aid Training Starts Tonight

The Red Cross First Aid training course starts tonight, October 25th, at 8 o'clock in the evening at the Grayling High School. The course will be taught by Miss Mary Ann Bancroft, instructor of the American Red Cross standard first aid course.

This course is being offered to the residents of Crawford County who are interested in first aid and who have not had previous training. It is not for card renewal, but for those who need the course for the first time. The course will be held on Thursday night at the same hour and will continue until completion of the course.

Miss Mary Ann Bancroft, Red Cross instructor, who has been teaching first aid for many years, will be in charge of the course. She is a member of the Grayling High School faculty and is also a member of the American Red Cross.

Those who are interested in the course should call Mrs. Davis, at 3111, for a registration card.

## Member Names for Committees

Robert Hayes, secretary-manager of the Crawford County Chamber of Commerce, announced the formation of two committees and their members. Both committees have been formed for the purpose of raising funds for the chamber.

## Scout Committee Holds Regular Meeting

A regular meeting of the Grayling Scout Council was held on Wednesday, October 18th, at the Crawford County Chamber of Commerce. The meeting was presided over by Mr. Hayes.

## Investment Supper Over 260

At the Michigan Memorial Hospital, the tables were decorated with dried grasses, autumn leaves and pumpkins. Over 260 guests enjoyed the abundant supper.

## Vikings in Final Home Action This Friday Night Against Pellston Hornets

Manelona Ironmen Too Strong, Defeat Grayling's Green and White By 34 to 6 Score

The Grayling Vikings, who have been one of the top teams in the area, will see their final home action on Friday night against the Pellston Hornets. The game is scheduled for 7:30 p.m. at the Grayling Memorial Recreation Area.

The Vikings, who are coached by Coach [Name], have been a formidable force this season. They have won several games and are looking to finish the season on a high note. The Hornets, on the other hand, are a strong team and will be a tough opponent for the Vikings.

The game is expected to be a close one, with both teams having the potential to win. The Vikings will be looking to use their speed and agility to outpace the Hornets, while the Hornets will be looking to use their strength and power to overpower the Vikings.

The game is a must-see for all fans of the sport. It will be a great opportunity to see some of the best players in the area in action. The game is free and open to the public.

## Quarter Million Paychecks!

Besides performing its basic job of serving the transportation needs of Michigan's farmers, industrialists, businessmen and general consumers, our Motor Transport Industry plays a most important part in providing employment for a major percentage of Michigan's breadwinners — a quarter of a million as a matter of fact.

Yes, Michigan's trucks are responsible for one out of every ten Wolverine paychecks — and the total of all these paychecks amounts to well over one billion dollars annually!

That's a lot of money — and it provides those on trucking's payroll with an enormous purchasing power that benefits every phase of Michigan's economy.

Motor transport's paychecks are substantial and they buy lots of food, clothing, appliances, cars and other products whose sales mean paychecks for others.

So, you see . . . Michigan's motor transport industry not only serves all other business activities — it is one of the most important customers for the products of all these other businesses.

Members of the local Adventist congregation have helped finance and stock one of the latest additions to the state's Civil Defense program in the form of a mobile clothing depot sponsored by the Michigan Conference of Seventh-day Adventists. The van is on display this month in several Michigan cities, including Mio, Michigan, on October twenty nine.

The unit, consisting of a 30-foot van and tractor, has been fitted especially for emergency use. Clothing racks, bin and built-in drawers provide storage space for hundreds of articles of clothing and bedding. A bottle gas stove, refrigerator, and a sink with a supplying water tank are in the kitchen end of the van. A portable generator supplies ample electricity for the unit making it completely self sufficient. This mobile depot has been approved by the Michigan Office of Civil Defense and carries the official CD emblem and emergency flashing lights.

The idea for the mobile unit came during the aftermath of the Grand Rapids tornado, where a moving van was used for clothing distribution. The van was used in Flint also and proved so successful that it was decided by the executive committee of the conference to remodel the van for disaster use. The cost of the unit and equipment comes close to \$20,000.00 and this has been paid for through funds from the church's annual Ingathering appeal.

The local Dorcas Welfare Society is part of a chain of similar groups in Michigan that helps supply clothing and bedding for the mobile unit. Stockpiles are maintained locally at the Dorcas center and in case of emergency can be dispatched for immediate use.

The church also has a stockpile of 50,000 garments at Grand Ledge. All of these articles are sorted, sized, kept in labeled boxes, and ready for use.

The van will be on display October twenty nine only and the public is invited to visit Mio and look through it.

rate your home? Mrs. Frederica Leville, of Michigan State University's textiles, clothing and related arts department, offers a few suggestions.

She likes Indian corn combined with gourds, pumpkins or squash vegetables such as eggplant and cabbage are possibilities. Fruit — apples, plums, Tokay grapes — might be used in an arrangement.

Dried wheat and all kinds of dried grains are attractive. If you like dried arrangements, now is a good time to gather your materials. Tie the ends of the stems together, and let them hang upside down until dry. This prevents the stems from drooping over. Dried wheat, weeds and twigs are equally appropriate for winter arrangements, as for fall ones. Milkweed and bittersweet are attractive, too, in winter, as well as fall.

Bowls of English walnuts, or lemons or oranges are attractive and have a use beyond that of a centerpiece or an arrangement.

Mrs. Neville believes your imagination will provide you with many possibilities in addition to these.

## HOW TO ENJOY APPLES

A crisp, clear October day and an apple in hand . . . and all seems right with the world. There are other ways to enjoy apples, too, Mary Kay Coleman, of Michigan State University's food and nutrition department, suggests these for baked apples.

Stuff apples with dates and candied ginger before baking. Or, top baked apples with a marshmallow a few minutes before you take them from the oven. A flavor accompaniment for pork is baked apple filled with currant jelly. And, for a glamorous dessert, Miss Coleman suggests rolling raw apples in melted butter and then in coconut and sugar before baking them.

## he New Leisure . . .

In one of his campaign speeches, Richard Nixon forecast that the four-day work week is on the horizon. He added, in effect, that the way to assure this is to continue the Republican Party in power.

In one of his campaign speeches, Adlai Stevenson advocated what amounts to a guaranteed lifetime wage for all workers, continuing on into retirement. He added, in effect, that the way to achieve this is to return the Democratic Party to power.

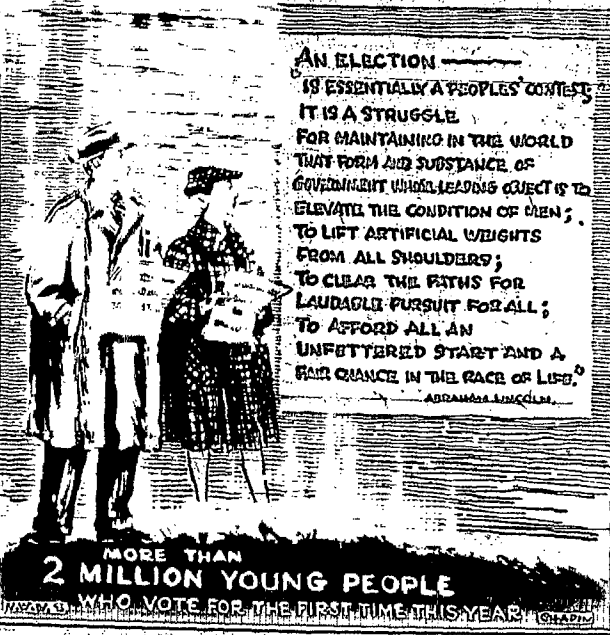

The Portland Oregonian said of these ideas: "We've no doubt that Americans will continue to add to material variety, wealth and security of their lives. They will surely some day reach and surpass the goals set by Mr. Nixon and Mr. Stevenson. There is a healthy growing awareness, however, that such material progress is not without its troubles, that the exploitation of physical and emotional pleasures puts a strain on the intellectual, moral and spiritual values, that there is a high price on Utopia. It is a simple fact that considerable number of retired persons—a recent survey says a majority—wish they had not chosen or had not been required to retire." In other words, we will need a full measure of wisdom if the enormous amount of leisure time the candidates envisage is to be put to constructive use—and is to contribute to human happiness and achievement.

There is one more point that should be stressed. Both Mr. Nixon and Mr. Stevenson, to their credit, have said at the promised gains should be brought about within the framework of our free enterprise system. Yet a great many of us think of such gains in terms of legislative acts of government—things which will be imposed by law. If that turns out to be the case, we will be adding freedom and independence and self-respect for sheer materialism. There could be no worse bargain.

## here Ain't No Santy Claus!

drawn by a Republican elephant and a Democratic donkey, with presents for everyone.

"Uncle Sam has millions for farmers who don't plant, millions for workers who don't work, millions for everyone's retirement, and billions for the upkeep of tired foreigners. All this and a debt of \$278 billion, too."

"Won't some kind soul tell Americans the awful truth — there just ain't no Santy Claus!"

## You're Paying More In Taxes . . .

"Our tax bill is going UP—not down," writes Sylvia Porter, the business analyst.

This may surprise a good many people, who think only of federal taxes when they think of taxes at all. But it's a fact — and the reason for it is found in local government. Miss Porter cites figures showing that, in the last fiscal year, state tax collections reached an all-time peak of \$13,800,000,000 — an increase of \$1,700,000,000 over the preceding year. State debts are also at an all-time high.

The moral is plain: We must demand economy in the state house and all other centers of local government, as well as in the Capital in Washington, D. C.

Jimmy, the Grayling otter, was captured as a pup on one of the Lewiston lakes. He grew up with

small boys and town dogs as companions. He got so chummy with one big town bulldog, Rover, that if a strange dog barked either, the other would come to his chum's aid. Not that Jimmy needed assistance, for he could dispose of dogs handsily on his own. Despite his vicious record as a mauler, Jimmy was a likeable fellow, kind and considerate to all home-town dogs and humans. He did get into mischief, like cleaning up the windows of pre-set hotel fish supper, and stealing a roast from citizen Hanson's table, but everybody liked him none-the-less for his pranks. One of his stunts was to follow the children to school, furtively climb the teacher's chair to the teacher's desk, and survey the assembly like a presiding officer. Another stunt of Jimmy's was to entice Rover or some other dog-friend to go swimming in the river. With Jimmy in his element, the dogs were at a disadvantage in water — levels, and sometimes narrowly escaped drowning when he held them under for extended intervals. Finally even Rover refused to act as his bathing buddy. But it was a characteristic stunt that brought him death. He would follow anglers to the river, frolic near their casts, and steal their catch from the fly. Many of the anglers tolerated Jimmy's thieving, but a man named Ross, peevish by the loss of a large trout, shot him — from the Osceola Press.

## LEST WE FORGET A STORY OF RESULTS . . . ... NOT PROMISES

No matter where you travel in Michigan today you will find that many highways are under construction. Many are completed. More are to come. Now that Michigan has a tremendous highway program under way, everyone seems to want to take credit for it, even those who at times opposed it.

We want to remind you that there is no one in the state who deserves more credit for this great achievement than our own Representative Emil Peltz.

When he went to the Legislature in 1945 he saw the need for better highways in his district as well as the entire State. He immediately set to work to do something about it. Early in his career his ability was recognized and he was appointed chairman of the House Roads and Bridges Committee, a position which he still holds. Against great odds he continuously fought for a sound highway program and especially for a fair distribution of highway funds for this part of the State.

Because of increased funds made available to the County Road Commission, every township has or soon will have hard surfaced mileage.

Cities and villages have benefited likewise because of increased revenue made available through a modern highway plan.

Space does not permit us to go into detail on the general highway improvement in the area nor to enumerate the equal benefits derived by the 83 counties of the State.

We merely want to take this opportunity to remind you that this highway program did not come about by itself. It was only through the hard and continuous efforts of men like Representative Peltz that made the beginning of such improvement possible. He recently made this statement "You haven't seen anything yet; there is much more to come—without additional highway taxes."

So, the next time the wheels of your car roll on a smooth, mudfree, dustless, hardsurfaced road, sit back and relax. Breathe a thought of appreciation to those in your service who made it possible, and dream with assurance that there is more to come — soon.

The Ground Observer Corps will dedicate their Post building at the corner of Rose and Lake Streets at 1 p. m. on Saturday, November 3rd. The public is invited to be on hand.

There will be a speaker from the army personnel, and the Rev. R. C. Puffer and City Manager Russell Carlson will also speak. The Color Guard and the Grayling High School band will perform during the ceremony, and there will be several jet planes from the Oscoda base flying over the area.

At the conclusion of the ceremony there will be refreshments at the Legion Hall.

The Corps would like to thank the Leo Jorgensons for having the G. O. C. sign painted, and Mrs. Bud Gould for donating linoleum for the Post floor.

Another request is made for volunteers to man the Post. The Corps desperately needs additional members. Anyone interested please contact Mrs. Harold Long and 14, 207 Chestnut St. 25-1-8

**Girl Scout News**

The Grayling Girl Scouts held their second meeting on Thursday, October 18th, at the Grayling High School. At this time the Scouts divided into two groups, Lone Troop 1, consisting of 35 junior intermediates, and Lone Troop 2, consisting of 23 young newcomers. Troop 1, under the direction of Mrs. Florence Douglas and assisted by Mrs. Arvid Carlson, spent the evening dividing into 5 patrols of 7 girls each. Patrol officers were elected and names were chosen for each patrol.

Lone Troop 2 had a get-acquainted session, and later played a few games under the direction of Mrs. Peter Abbotello, assisted by Miss Marjorie Douglas.

A Court of Honor meeting (consisting of patrol and scout leaders) will meet October 25th at 7 p. m. at the high school, with the regular Scout meeting following at 7:30.

**Bear Lake News**

By M. D. the Roving Reporter

Now we don't want to wear you out reading about this national all-woman's bear hunt but there are a few things I must say to you. The movies they look like they want women in other countries in all their languages and they are sending me a film to do whatever we want with. We can loan to different groups to be shown. They said they want women in other countries to see how women in America live and the things they can do.

Now for the bear, Jean Newman did not shoot it and it was a mistake. It was pointed that way. The bear belongs to the woman's bear hunt and is now being packaged in the Kalkaska Locker Plant and marked "Just Bear Meat". I am going to try and contact each lady with a post card which will entitle her to a package of meat also our guides and dog owners and handlers.

We wish to thank all the merchants from here and other places and local people and Kalkaska for their generous donations of prizes that we gave away, also the frequent food and refreshments. Walt Nowak and his sound car did a fine job. There was never a dull moment. Last but not least, Mrs. William Brownell and her son, Fred, who were our host and hostess and gave hours of their time getting tables, chairs, gas plates, ice box, bonfire and wood ready for us. And don't forget the clean up job afterwards. I don't think we could find a more beautiful spot to have had our party than at Camp Arrowhead on the banks of the beautiful Manistee River. So I think I can say thanks to the Brownells from one and all of us. I must not forget Belle Calderwood and Maxine Smith, who paid their entry fee but were unable to hunt so gave Mrs. Brownell a hand with the party. I received many nice letters from

the different ladies. They all say they will see us next year. So that is that and now we change from bears to birds.

We were down to Ortonville and Montrose pheasant hunting over the weekend. Joe, Jean and Elizabeth Newman, my grandson, Gary Hill and myself met the Worthingtons from Elmore, Ohio there also Eugene Phamut from Flint hunted with us. All hunted with Bill Ray. We got three birds. We all stayed at the Wildwoods in Ortonville. I found out I got a pheasant dog and a rabbit dog in one now.

Never before in history has anything built by man traveled so far in so short a time—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '37 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '37 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '37 Ford smashed 453 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '37 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '37 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '37 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

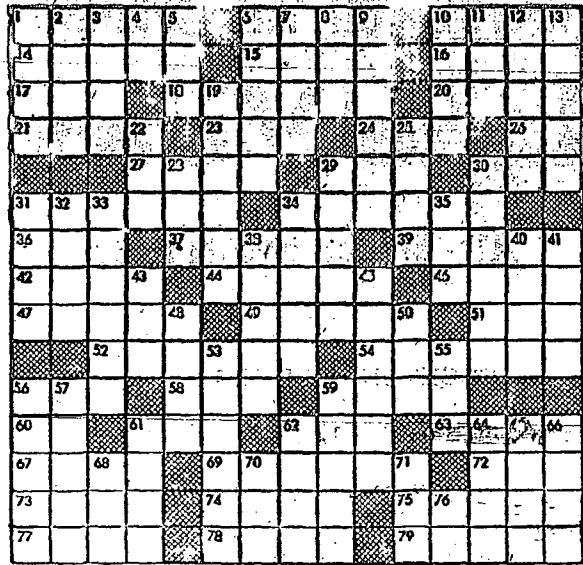

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dollar—the greatest the world has ever seen.

Mrs. Nellie Hoell of Sigbee is visiting her sister, Mrs. Celia Craner for a few days.

Mrs. Sarah Corwin left yesterday for Reed City, where she will visit her sister, Mrs. Dr. Felt for a couple of weeks.

M. A. Bates has secured the services of Allan Morseman to take charge of the mechanical department of the city telephone line, and anticipates entire personal rest from that care as Mr. Morseman is an expert.

C. W. Ward of Maple Forest is in Detroit this week overhauling his yacht, with which he will make a tour of the lakes with a party of his friends immediately after election.

We are indebted to Axel Michelson for a double brace of canvas-back ducks, which came out of a bunch of 72 taken by their little party on Houghton Lake one day the first of the week.

T. E. Douglas of Lovells states that he raised 650 bushels of rutabagas on one acre. He sold what he has to spare for 25 cents per bushel on the cars at this place. He realized \$162.50 for the rutabaga crop. Has 100 bushels of sugar beets, one of these weighed 15 pounds and 6 ounces. This was all grown on one acre of this poor soil. It is worth one dollar per acre.

C. F. Underhill of Lovells returned from New York Friday and expects to clean up about \$500.00 on his last winter's work.

Fred Bloom is doing a good job for C. W. Ward by plowing and pulverizing the ground around the boulevard. We expect to see this seeded to grass when completed.

Miss Betty Jane Welsh, graduate of Grayling High School and Sophomore at Alma College, this year has been selected by Prof. J. W. Ewer as one of the new members of the A. Capella Choir of Alma College. Miss Welsh was selected along with sixteen other Alma students after extensive tryouts in which a large number participated. She is the daughter of Mr. and Mrs. Fred Welsh of Grayling.

The Debate Club held its fourth meeting Tuesday night. The meeting was opened by the president, Clara Atkinson. Roll call and the minutes of the last meeting were read by the secretary, Alex Kochanowski. DeAlton Griffith, a member, gave a talk on the meaning of the Club's constitution, which was interesting as well as instructive. A debate was staged on the topic "Resolved: Germany is justified in withdrawing from the League of Nations." On the affirmative side were Frances May, Alex Kochanowski and Beverly Schaub. The negative side, which was somewhat hampered by the absence of one of their members, were Elaine McDowell and Don Charron. Mr. Poor and Emil Kraus acted as judges and a decision in favor of the affirmative side was rendered.

The Northern unit of Maple Forest Welfare met at Mrs. Robert Feldhauser's last Wednesday. The time was spent making quilt blocks and tying two quilts, one of which was sold to one of the members. A pot luck lunch was served at noon.

Let's Talk Highway Thrift on U.S.-27

Why concrete for new U.S.-27 from Indian River to Mackinaw City? Concrete will be the best buy for your highway dollars because it has nearly twice the service life of other pavements yet costs from 26 to 59 per cent less to maintain. Moderate first cost plus durability plus low maintenance equals top economy.

Concrete has a performance-proved record of long service for Michigan's major trunk lines. It provides heavy-duty, all-weather roads not subject to spring breakups or frequent repairs.

Michigan will pay only 10 per cent of the first cost of this Interstate System highway but must pay all maintenance forever. It will be a thrifty investment to choose concrete. Future highway funds won't be eaten up by costly repatching or resurfacing—thus freeing more money for other necessary new highway construction in vacationland.

Mr. and Mrs. Anthony Buron returned Monday from Port Huron, where they attended the funeral of Mrs. Buron's brother, James Peter Ward, who was accidentally killed October 12th when his new pickup truck was struck by a train in Port Huron. Witnesses said Ward appeared to slow down at the crossing and then drove across in front of the train. The engine carried the truck 180 feet. Mr. Ward was a lifelong resident of the Port Huron area. He is survived by his widow, Ruth, and two sons, four daughters, three brothers, and five sisters, of whom Mrs. Buron is one. He was a plant protection guard at the Anker-Holt Division of Wellman, operating a spraying plant, and operated Ward's Arranging Post, Michigan road at Moak St., in Port Huron. Funeral services were conducted at 10 a. m., October 18th, at St. Christopher's church in Marysville. Interment was in Mt. Hope Cemetery in Port Huron.

Roy Trudgeon, accompanied by Jim Hall of the E. M. T. A., made a three-day tour of 17 northern winter sports areas, contacting park operators and chambers of commerce. He returned Wednesday.

Mr. and Mrs. Harold Walker returned Tuesday from a ten day business trip to Ohio and Kentucky.

Mr. and Mrs. Art Irscher of Fort Wayne, Ind., were guests of the George Griffiths Wednesday of last week.

Mrs. Emma Lovely and Floyd Lovely of Gaylord spent the past week at Auburn, visiting the Ernest Lovelys. The men did some pheasant hunting.

Mr. and Mrs. Liwyn Doremire and family spent the weekend in Midland visiting his parents, Mr. and Mrs. Joseph Doremire, and at Sanford with his brother, Clyde. Weekend before last the Joseph Doremires and daughter, Mrs. Evelyn Neal and her daughter Deanna were guests of the Liwyn Doremires.

The William LaRush family enjoyed a visit weekend before last from Mr. and Mrs. Burt Perry and Bill's sister, Mrs. Pat Ginnott of Hazel Park.

Mr. and Mrs. Donald Wood spent the weekend at Caseville for some pheasant hunting.

Mrs. Harry Souder is a part-time employee at the Grayling Pharmacy now.

Miss Phyllis Ziebell, Deanne Herrick, Mrs. Derek McEwen and Miss Liane Yuill of Gaylord spent the weekend at Mt. Pleasant attending the homecoming exercises.

### Questionnaires Sent Out To Reservists

"Many Standby Reservists of the Armed Forces in this community are receiving questionnaires for the first time from Selective Service to be used by Local Boards in determining their availability for military duty in time of national emergency," it was announced today by Charles E. Moore, Local Board Chairman.

Selective Service is now charged by Congress with the responsibility of screening the nation's entire Standby Reserve, it was explained by Mr. Moore. The new law is designed so that each Reservist will be called to active duty only after Local Boards have given full consideration to the effect that his entry on active duty would have on the national health safety or interest.

On the basis of questionnaires returned by Standby Reservists, each Reservist will be placed in one of three categories. These categories are: I-R (available), II-R (deferred for essential civilian occupation) and III-R (deferred by reason of extreme hardship and privation to dependents).

Each Standby Reservist has the usual right of appeal from the

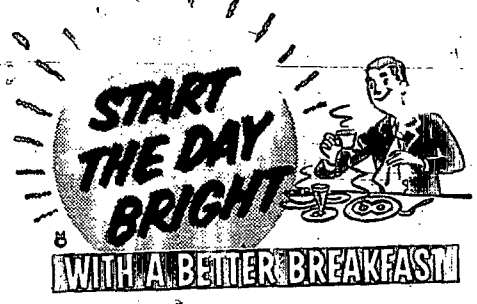

Local Board determination. He is also required to keep his Local Board informed of any change in address and changes in occupation and dependency status.

Men and women who are transferred to Standby Reserve status by any of the Armed Forces are now reported to the Selective Service System for jurisdiction over their availability for recall to active duty. Approximately 4,500 Michigan Reservists have already been screened by the Standby Reserve. This number is expected to increase rapidly as the Armed Forces screen out Ready Reservists who have completed their obligated service.

The program will keep the Standby Reservist advised of his emergency recall status, and the Armed Forces will have a constant inventory of the availability of Standby Reserve personnel.

### HONORED WITH STOCK SHOWER

A surprise baby shower honored Mrs. William Joseph last Friday. The affair was a luncheon held at the Gaylord Hidden Valley Ski Club, with twenty-two ladies totaling the guests. Mrs. B. E. Henig and Mrs. George Griffith were the hostesses. Mrs. Joseph received many lovely gifts.
